SCHEUER C. 2001. List of contents of the exsiccata series *Reliquiae Holwayanae*. - Graz, Austria: Institut für Botanik der Karl-Franzens-Universität. 20 pp.

This set of rust fungi from the late E. W. D. Holway (1853-1923) was edited between 1927 and 1932. It contains also Uredinales from South America. For further details about this exsiccata series see the paper by PFISTER D.H. (1985): A bibliographic account of exsiccatae containing fungi. - Mycotaxon 23: 1-139.
