 - Data Publisher
- Aus DiversityProjects, dem Modul für die Metadaten, werden nur die jeweiligen Personen und Organisationen verlinkt

Rolle in den Metadaten

The screenshot displays the DiversityProjects v. 4.1.59 application window. The main area shows the project 'BSMeryscoll' with a tree view of sub-projects: BSMeryscoll, BSMichfungicoll, BSMmicrofexscoll, BSMschiefcoll, BSMwohlficoll, BSMraidcoll, and BSMmesehcoll. The selected project 'BSMeryscoll' has the title 'The Erysiphales Collection at the Botanische Staatssammlung München'. The description field contains a URL: 'http://www.botanischestaatssammlung.de/DatabaseClients/BSMeryscoll/About.cfm'. The URI field also contains the same URL. The 'Notes' field is empty. The 'Version' field is empty, and the 'Embargo' field is set to 'None'. The 'Type' is 'Collection' with the description '- Project for the module DiversityCollection'. The 'Create archive' checkbox is unchecked, and the 'Archive directory' is 'C:\Users\mweiss\ DiversityWorkbench\ DiversityProjects\ Archive'. The 'Settings' tab is active, showing the 'Agents' section. The 'Agent' field is 'Triebel, D.' with a list of roles: 'Data Owner' and 'Source Institution'. The 'Notes' field in the 'Agents' section is empty. A small dialog box is open in the foreground, titled 'URI of Staatliche Naturwissenc...', containing the URL 'http://id.snsb.info/Agents/47779'. The left sidebar shows a list of projects, with 'BSMeryscoll' selected. The top menu bar includes 'Connection', 'Data', 'Administration', and 'Help'. The bottom status bar shows 'Tanja Weibulat, 44. DWB-Workshop, 02.08.2023'.

Rolle in den Occurrence Data

- Beobachter oder Sammler
- Bestimmer
- Schwierigkeit: Manche möchten unbedingt ihren Namen veröffentlicht sehen, andere auf keinen Fall
- Lösung 1: Anonymisierung im gesamten Projekt

Rolle in den Occurrence Data

The screenshot shows the 'Cache database' application window. The interface includes a menu bar with options like 'Update, Sources', 'Projects', 'Anon. collectors', 'Protocol', 'Diagnostics', 'BioCASE', and 'Old version'. There are also window control buttons and a 'Transfer all data' button.

On the left, there is a list of 'Not anonymous collectors' with a scroll bar. The list includes names such as Ade, A., Adelminien, Agerer, R., Ahmad, S., Ahti, T., Ajrekar, S.L., Alanko, P., Albertshofer, E., Ale-Agha, N., Allescher, A., Andrei, M., Andrianova, T. V., Androssow, Anzi, M., Appel, Arcangeli, G., Auerswald, B., Bachman, F.M., Baenitz, C., Baker, C.F., Barbier, J., Barbour, W.C., Barbu, V., Baroni, E., Barta, T., Bartholomew, E., Bartram, Bary, A. de, Bas, C., Batalin, Bauer, Bauer, J., Bäumler, J.A., Baur, X., Beardslee, H.C., Beattie, R.K., Becerescu, D., and Bechet, M.

Below the list is a dropdown menu labeled 'List collectors of project' with 'BSMeryscoll' selected. There are two radio buttons: 'For any project' (selected) and 'Only for selected project'.

On the right, there is a table titled 'Anonymous collectors' with two columns: 'CollectorsName' and 'Anonymisation'. The table is currently empty.

<https://www.gfbio.org/search>

The screenshot shows the GFBio search results page. The search query is "The Erysiphales Collection at the Botanische Staatssammlung München". The results are displayed in a list format, showing the first 10 of 11,843 entries. The first three entries are highlighted with blue circles around the "Dataset Citation" field, which contains the text "Triebel, Dagmar (2020). The Erysiphales Collection at the Botanische Staatssammlung München. [Dataset]. Ver Center, München. http://www.botanischestaatssammlung.de/DatabaseClients/BSMervyscoll/About.cfm". The page also includes a filter sidebar on the left with categories like Geographical Region, Data Center, and License. A green "FEEDBACK!" button is visible on the right side of the page.

Publikation in internationalen Portalen: GBIF

The screenshot shows the GBIF portal interface for the 'The Erysiphales Collection at the Botanische Staatssammlung München'. The page features a green navigation bar with links for 'Get data', 'How-to', 'Tools', 'Community', and 'About'. The main title is 'The Erysiphales Collection at the Botanische Staatssammlung München', with a sub-note 'Published by Staatliche Naturwissenschaftliche Sammlungen Bayerns' circled in blue. Below the title, there are tabs for 'DATASET', 'METRICS', 'ACTIVITY', 'DOWNLOAD', and 'HOME PAGE'. A green box indicates '11,843 OCCURRENCES' and '398 CITATIONS'. A URL bar shows 'http://www.botanischestaatssammlung.de/DatabaseClients/BSMeryscoll/About.cfm'. The SNSB logo is circled in blue, with metadata including 'Metadata last modified: March 16, 2021', 'Hosted by: Staatliche Naturwissenschaftliche Sammlungen Bayerns', and 'License: CC BY 4.0'. A progress bar shows '11,843 Occurrences' (100%), '100% With taxon match', '90% With coordinates', and '86% With year'. A world map displays '10,663 GEOREFERENCED RECORDS' with yellow dots indicating collection locations. At the bottom, there is a section for '11,722 OCCURRENCES WITH IMAGES' showing a grid of specimen images.
